Candidates for the *Practical* Examination in Physics, Chemistry and Botany will receive all necessary instructions from the Chief Superintendent concerned.

Arrangements for the Oral and Practical Examinations in Typewriting, Music and Practical Telegraphy will be communicated separately

2. Candidates are required to provide themselves with their own pens.

3. Candidates in *all* the subjects must bring with them for use in the examination their *own pens and pencils*, those in (i) *Elementary Mathematics*, (ii) *Algebra and Geometry*, (iii) *Physics*, (iv) *Chemistry*, (v) *Outline of Geography (Group A)* and (vi) *Geography (Group C)*, their *own* mathematical instruments, viz., a foot-rule graduated in inches and centimetres and subdivisions, protractor, set-squares, dividers, compasses, a piece of rubber or eraser and a hard pencil, those in *Typewriting*, typewriters and necessary carbon paper; and those in *Commercial Practice, Book-keeping, Shorthand and Typewriting, rulers, erasers, leaves and ink of two or more colours* (other than black ink) for map drawing, drawing lines in book-keeping, etc.

If the machine used by a candidate, however, goes out of order, no extra time will be given to him to compensate for loss of time while the machine is out of order, and being set right.

6. *Typewriting.*—Heads of institutions who are desirous that their pupils in this subject should be examined in batches, should make the necessary arrangements with the Chief Superintendent concerned *three* days before the examination in this subject and furnish him with all necessary information as to the number of candidates and machines and the time at which each batch should attend on the day fixed for the examination.

At least every *three* candidates must have one machine among them for the batch examination.

Instructors of institutions concerned will be allowed into the examination room *in the intervals between the examinations of the various batches* to inspect the machines and to remedy any defects.

If a candidate reports to the Superintendent that his machine has gone out of order, the Superintendent will intimate the fact to the instructor if he is waiting outside on the premises and will permit him to enter the room (though the candidates may be at work) to inspect the machine and to remedy the defect or to supply another machine. It must, however, be clearly understood that the Superintendents incur no responsibility in this matter; this action will be purely *ex gratia*, the whole responsibility resting on the candidate and the instructor. *No extra time will be given to a candidate to compensate for loss of time while the machine is out of order and being set right.*

7. *Needlework.*—Candidates must bring to the examination room scissors, thin thimbles, needles, measuring tape, pins, and sewing cotton.

8. A copy of the nominal list for the examination will be posted at the entrance to the examination hall a day or two before the examination, and candidates will find the register numbers assigned to them from this list.

9. Attention is drawn to the following rules.—

(1) Strict silence should be maintained in the examination room.

(2) No candidate will be allowed to enter the examination room unless he wears a clean and decent dress, and in all cases where good manners require it a suitable covering for the head, nor will he be allowed to keep his shoes on unless they are shoes of English pattern and socks and trousers are worn also.

No candidate suffering from any contagious disease will be admitted to the examination room.

(3) Candidates should take their places in the examination hall at least five minutes before the time fixed for giving out the papers. No one will

be allowed to quit the examination room on any day until the expiration of half an hour from the time fixed for the commencement of the examination, and candidates arriving after the expiration of that half an hour will not be admitted.

(4) No candidate will be allowed to re-enter the examination room during the hours of examination after once quitting it, nor to leave the room without finally giving up his answers.

They are not allowed to exceed the time assigned to each paper.

(5) Any candidate detected in speaking to, or in any way communicating with any other candidate will be at once removed from the room and the circumstance reported to the Secretary to the School-Leaving Certificate Board, Madras, for necessary action.

(6) *No candidate will be allowed to take into the examination room, slips, books, ruled sheets, manuscripts or papers of any kind.* Any one detected in the violation of this rule or having recourse to any unfair practices will be removed from the room and the occurrence reported to the Secretary to the School-Leaving Certificate Board, Madras, for necessary action.

(7) Candidates are prohibited from noting down the answer to any question on the question paper itself.

(8) Any candidate who communicates with the examiners or who does not behave properly towards the Chief and Assistant Superintendents of the examination or is suspected of having had recourse to malpractice of any kind in connexion with the examination or whose answer papers contain objectionable matter, is liable to have his examination invalidated and also to be debarred from appearing again for any of the examinations for such term of years as the Secondary School-Leaving Certificate Board may think fit, or if the Board is not satisfied, for any reason whatsoever, as to the trustworthiness of his results his results may be cancelled or he may be required to undergo a re-examination at some future date to be fixed by the Board in any one or more of the subjects of the examination for which he appeared, his success or failure being determined on the results of such re-examination.

(9) Candidates whose names are not in the printed list furnished to the Superintendents must submit a written declaration through the Superintendents giving full particulars in regard to themselves, including their address, and furnish such evidence as may be possible of their having applied for admission to the examination at the proper time and paid the prescribed fees. The answers of such candidates will not be valued unless it is clear that the omission of their names is due to no fault of theirs.

(10) Private candidates will be provided with *hall tickets*. They should also be required to put their signatures in the identification certificates produced by them before the Chief Superintendents at the respective centres.

(11) Private candidates who are not in receipt of their hall tickets may appear for the examination by giving declaration to the Superintendent that they applied for admission to the examination and paid the prescribed fees.

(12) Candidates choosing to change their place of examination without previous permission or appearing at any centre other than the one at which they ought to have appeared, must not expect to have their answers valued. In all cases where permission has been granted, the memorandum or letter permitting the change should be produced for the satisfaction of the Superintendents.

(13) A candidate having completed his paper will rise from his seat and remain standing until the Superintendent takes his answer-books. Any candidate wishing to ask any question of Superintendent will please the same course, but will on no account leave his place.

(14) Candidates are warned that they must enter their register number only on the first page of the answer-books and not their Secondary School-Leaving Certificate number or name and that answer-books not containing the register number as well as those which contain the Secondary School-Leaving Certificate number or the names or both will not be valued.

(15) Any answer-books sent up without the register number affixed will not be valued. The answer books should be fastened together at the left-hand corner, the additional answer-books being placed below the answer-book. In the case of needlecraft (practical), the work of candidates should bear the register number tacked on the *outside* of garment.

(16) Candidates will not be allowed to take any papers, except their question papers, out of the examination room.

(17) Candidates may have to write their answers on both sides of the paper supplied to them and in this case they will receive the necessary instructions on this point in the examination hall from the Chief Superintendent of the examination.

(18) Candidates are forbidden to tear up papers or to throw ink or papers on the floor.

No. 4.—

In exercise of the powers conferred on him under section 4 (g) of the Madras Abkari Act, 1886, the Commissioner of Excise hereby prescribes under sections 10, 24 and 28 (2) (j) of the Act, the following rules for the levy of fees on the volume of sales, etc., and for the issue of licences for the compounding, blending, bottling and sale of potable foreign liquors, Indian-made foreign spirits, Indian-made rectified spirits, cocoanut toddy arrack and beer brewed in India from and after the 1st April 1937 within the limits of the Madras Presidency :—

1. The term 'foreign liquor' in these rules includes all wines, spirits and beer imported into the Madras Presidency by sea or land; imported plain rectified spirits on which the tariff rate of duty has been paid and beer brewed in India duly excised at the tariff rate but excludes Indian-made foreign spirits, cocoanut toddy arrack, beer brewed in India and Indian-made plain rectified spirits on which duty at the tariff rate has not been paid beer imported in a condensed form and afterwards converted into potable beer, denatured spirits and ordinary arrack.

'Indian-made foreign spirits' is spirit manufactured and compounded in British India and made in colour and flavour to resemble gin, brandy,

whisky or rum imported from foreign countries and includes 'milk punch' and other liqueurs into the composition of which only such spirit enters. It is excised at Rs. 21-14-0 per proof gallon; its sale is permitted in all foreign liquor shops except those licensed for the exclusive sale of beer, medicated wines and rectified spirits. The maximum limit of private possession is two Imperial gallons.

'Indian beer' is beer brewed in India, (a) which contains at least two bushels of malt and two pounds of hops per hogshead and in the manufacture of which jaggery or crude cane-sugar is employed, (b) which is brewed at a higher original gravity of 1,088 degrees on a standard saccharometer and (c) maximum price of which at the brewery is Rs. 40 per hogshead plus the excise duty imposed at the time of issue.

(2) Holders of foreign liquor licences should not dispose of any spirit imported by them and cleared from the Custom House on payment of provisional duty before acquainting themselves with the exact strength of the spirit and satisfying themselves that it is not below the minimum saleable strength.
